

LifeRide is an emergency medical services program that provides valuable cost savings on emergency medical response and transportation. The program is administered through a subscription service payable through local utility bills. All single-family and multifamily residential utility customers within the Broken Arrow fence line will be automatically enrolled in LifeRide. The service is effective September 1, 2015.

Important Information for Landlords

- Landlords' LifeRide charge will be \$5.45 per month for each occupied unit. The City will assume 50% of the total number of residential living units occupied.
Example: 150 occupied units = \$408.75 ($\$5.45 \times 150 / 2$).
- Landlords must provide to the City on or before July 31, 2015, the total number of residential living units owned or operated.
- If a landlord decides to opt-out, they must do so during the month of August by submitting an opt-out form to the City.
- Landlords are required to notify all tenants in writing, prior to the start of the next program year or upon entering into an initial lease agreement with the tenant, whichever is earlier. Landlord must file written documentation signed by the tenant, which acknowledges the apartment complex is not participating in LifeRide.
- Tenants may participate individually by enrolling in the program. An enrollment form must be submitted along with annual payment of \$65.40.
- Failure to obtain and maintain on file the written acknowledgement from each tenant shall constitute a separate violation of this section. In addition, every thirty (30) day period from the beginning of a lease until written acknowledgement is received or the landlord elects for a property to participate in the program during the next enrollment period shall constitute a separate offense for each tenant affected. The penalty is \$100 per violation.

Opt-out forms, along with enrollment forms, are available online at www.liferideba.org or at the Utility Customer Service office, 116 E. Dallas Street.
